

Spring/Summer Casual Dress Code

As the warmer weather approaches, we want to remind employees of the dress code during the spring/summer months. Workplace attire should continue to be business casual, except on Fridays from Memorial Day through Labor Day when employees can wear jeans. Jeans cannot be distressed, patterned or frayed, and should fit appropriately. Staff is expected to present a professional image to patients, vendors, visitors and the public at all times. Certain staff is required to meet special dress standards, such as wearing uniforms or protective clothing, depending on the division they work in and/or the work being performed.

Attire and grooming must be neat, clean and appropriate for the work being performed. Employees are not permitted to wear ripped, frayed or messy clothing, athletic wear, tight, skin revealing or otherwise inappropriate clothing.

Premier wishes to present an image free from excessive tattoos and piercings. We expect employees to make an effort to conceal these unless they are deemed appropriate for a religious or national origin purpose.

Below are some guidelines that help define Premier's view of casual attire.
